What is the Big Idea Event?

The Big Idea is a pitch event.

A shortlist of applicants receive expert guidance and mentoring to create a positive, punchy performance to present a prize winning pitch.

On the night, contestants showcase a saleable and marketable Idea.

A small panel of business brains will listen and choose who has the best and greatest potential.

First, second and third will receive prizes to assist, nurture and support their proposal.

All shortlisted submissions will gain from this event.

Who should Apply?

Budding Entrepreneurs or Old Hands at Business STEP UP!

If you have a Big Idea we are keen to hear about it and support it. The event is open to Start-ups and existing businesses who have been operating for less than a year and either have their business established in Bassendean or are catering towards Bassendean customers.

- Do you believe that your idea has the potential to change the way the world operates and does business?
- Do you have an idea that is going to improve life for people from disparate spots all around the world?
- Do you have what it takes to see your idea from a mere concept to an actual living, breathing entity?

If you've answered yes to all of these questions, then there's no doubt that you've got drive and passion behind your entrepreneurial spirit too. This is what we welcome with open arms.

- **Real life examples.** Can we see the proof in the pudding?
- **A smashing closing line** – Wow us and sell your Big Idea!

Our Promise

This event will nurture and support the local business community. The event and the panel are not here to criticise or in any way diminish any proposal.
